Pennant Selection

Please read the following carefully so that you can be a knowledgeable and supportive club member.

Pennant selection follows the Club's Pennant Bowls Policy. This policy is available on the club website. Form in pennant games, commitment to pennant practice and compatibility of rinks all play a part in selection on merit.

The **Division 1 and 2 teams** are selected, after consultation with skips, so we have the best teams possible representing the Club.

The **Division 3 teams** will be selected so that some rotation gives players an opportunity to play, but balances this with keeping some sense of consistency with rinks.

As a result of new players coming to the club and unavailable players becoming fitter and healthier we now have more players than there are positions available. This is very difficult for selectors but an excellent position for the Club to be in.

Players who are not selected for the club will be selected in rinks to play intra club games and have a rink allocated for game play at the same time as pennant is played. These are called 'bankers'.

With finals looking a distinct possibility for all teams selection will take into account the necessary number of games required to qualify for different teams. This means some players will be selected in teams so that come finals time we have the best players available to play and not sitting on the sidelines.

Contact names for selectors are below.
