

## **Gisborne and District Bowling Club Inc.**

### **BETTER PRACTICE FOR INFECTION PREVENTION**

**It is recommended that all attendees to the Club (Members, Players, Spectators, Tradesmen and Visitors) adopt the following better practice processes for infection prevention.**

#### **VACCINATIONS:**

Attendees to the Club should be fully vaccinated, which includes having all boosters.

#### **SANITISING AND HYGIENE:**

1. Hands should be sanitised when arriving and leaving the Club.
2. Sanitiser should be placed at each rink.
3. Hands should be sanitised prior to eating and drinking, and after blowing your nose, coughing, sneezing and using the toilet.
4. Hands should be sanitised when you get home.

#### **EQUIPMENT:**

1. Players should avoid touching other players bowls and equipment. If such does occur hands should be sanitised.
2. Spray/liquid chalk should be the only markers used.

#### **YOUR HEALTH:**

1. If you contract COVID and/or Influenza and/or feel unwell, then you should not attend the Club.
2. Members in a high-risk category should strongly consider whether they should or should not be playing as per their own circumstances and/or medical advice.
