

Bowling @ Gisborne

our community club...

Using our greens

Before playing make sure you take note of **which greens and rinks are available**. There may be information about the direction of play as well.

The Walker Green is likely to have a restriction on which rinks are to be used.

Thursday April 11th

A coaching session focusing on bowling with an arm will **begin at 4pm**. If you use an arm or are looking to use an arm for next season please attend.

The session will be run by Lee Wesley, a current Australian representative in the national armed team.

Training continues

Each Thursday afternoon a training session will be held that focuses on competitive play. Everyone is welcome. Those in the Moama squad should attend as many sessions as they can.

In addition to this session those playing at Moama should continue training. Make sure you also use the Wallis/Hunton Green as part of your preparation.
